Summary

As a developer, my passion lies in bringing beautiful and innovative ideas to life. I am currently looking for opportunities to contribute to open-source projects, work with passionate people and work on personal projects.

Education

Guru Gobind Singh Indraprastha University   Nov 2022 - Present
B. Tech · Computer Science Engineering · Delhi   GPA - 8/10
Proficiency in DSA & Java Core: Developed core programming skills, particularly in Data Structures and Algorithms using Java.
Introduction to AI & Data Science: Explored foundational concepts in Artificial Intelligence and Data Science.
Team Leadership: Successfully managed and led teams for various college activities.
Event Management: Gained practical experience in organizing and executing college events.
Debate & Public Speaking: Honed communication and critical thinking skills, culminating in a debate competition win.

Projects

ParkEase | Live Link   Jan 2026 - Present
Personal · MERN, Chartjs, LeafJS, JWT   MERN Stack
ParkEase is a full-stack Smart Parking Management System built using the MERN stack. It is a Smart Parking Spot Finder. As urban areas become more crowded, the simple task of finding a parking spot has become a major challenge. Our goal was to create a digital solution that simplifies this process, saving users both time and fuel.

Role-Based Login System for LMS | Github Repo   Nov 2022 - Present
Personal · Java, Spring Boot, Jakarta, HTML5, CSS3, JavaScript, Figma, JPA,   Full Stack Java Development
Lombok, MySQL
Built an advanced, full-stack Role-Based Authentication System for a Learning Management System (LMS) by implementing secure user roles and dashboards with Spring Boot and MySQL, paired with a custom cyberpunk-inspired UI, to deliver tailored user experiences and protect against unauthorized access

Mini Auth System | Project Repo   Dec 2025 - Jan 2026
Personal · MERN   MERN Stack
Performed data analysis on large datasets using Python and various libraries.

KRONUS INFRATECH | Live Link   Nov 2025 - Present
Kronus Infra, Sonipat, Haryana · Reactjs, Lucide-React   Freelancing
Created a Website For KRONUS INFRATECH : MSME Certified (Most Trustable Real Estate in Sonipat)

Mohan Kamboj Dhabha | Live Link   Dec 2025 - Present
